

HKUGA College Parent-Teacher Association
港大同學會書院家長教師會
Election for Parent Manager 家長校董選舉 2011
〈Election Statement 參選綱領〉

Candidate No.

2

Name of Candidate: LI Pik Lan, Carmen (李碧蘭)

Having enjoyed the privilege to serve and learn in PTA's Preparatory Committee (2006-08) and the third Standing Committee (2010-11) and the opportunity to contribute to the building of a very trustful and supportive home-school collaborative culture, I commit to offer myself to serve in the School's Incorporated Management Committee (IMC), a direction setting and policy making platform, as a parent representative bridging the biggest group of stakeholders and all other concerned parties. Guided by the shared dream of providing innovative quality education for children's healthy development and re-shaping the local educational landscape to meet the demands of a fast changing world, the School has already achieved a lot, yet more has to be done to fully actualize our dream.

Although the Audit Commission's Report on Direct Subsidy Scheme (DSS) Schools released last November has reinforced rather than diminished our trust for the school management of HKUGAC, the year ahead will be full of unprecedented challenges. Firstly, the School will launch into its first year of full-capacity operation. Secondly, our first batch of Form 6 students will be taking the territory's first HKDSE Examination and then graduating. Thirdly, the School will be required by the Education Bureau to undergo a Comprehensive Review as it enters its sixth year of operation. It is perhaps about time we reflect together if we are adhering to the School's unique founding principles and striking a sensible balance between excelling in public examinations or other competitive arenas and nurturing visionary, competent and responsible global citizens for tomorrow. Hence, it will be a critical year that calls for our passion, wisdom, perseverance and synergy!

As a parent on board this through-train since the founding of HKUGA Primary School, a teacher having served two DSS schools and a school manager serving two other schools sponsored by my mother school's alumni association, I pledge to dedicate myself, once elected as Parent Manager, to helping the IMC steer and monitor the school development to serve the best interests of its students, who are so dear to us all! Once again, my heartfelt thanks for your past support and recognition and looking forward to your comments and inputs to help me better represent you!

I declare that I meet the requirement on the eligibility of a Parent Manager registration pursuant to s. 30 of the Education Ordinance.

Signature :

Carmen Li

Occupation :

Full-time Parent

Pupil's Class :

Bill Chan, S5LL

Relationship with the pupil :

Mother and son
